Candidates should bring with them to the examination hall, each day of the examination, their hall tickets for inspection by the Chief Superintendent.

3. Candidates are prohibited from writing upon their hall tickets or question papers. Candidates are also prohibited from writing their names or any part of their answer books, but their register numbers should be written very distinctly on the outer cover of each. Failure to write their register numbers may involve the rejection of answer papers.

4. Candidates are not allowed to exceed the time assigned to each paper.

5. No candidate will be allowed to leave the examination room till the expiry of at least half an hour after a question paper has been given out; and no candidate who leaves the room during the period allotted for a paper will be allowed to return within that period.

6. *Candidates are forbidden to ask questions of any kind during the examination. They are further forbidden to communicate with the examiners; should they do so their answers will not be valued, and their conduct will be reported to the Syndicate for disciplinary action.*

7. CANDIDATES ARE NOT ALLOWED THE USE OF BOOKS OF ANY KIND (EXCEPT AS PROVIDED IN RULE 8). THEY ARE ALSO PROHIBITED FROM INTRODUCING INTO THE EXAMINATION ROOM ANY BOOK OR PORTION OF A BOOK, SLATE, MANUSCRIPT OR PAPER OF ANY DESCRIPTION, FROM COMMUNICATING WITH OR COPYING FROM EACH OTHER, AND FROM COMMUNICATING WITH ANY PERSON OUTSIDE THE EXAMINATION ROOM. ANY CANDIDATE DETECTED IN THE VIOLATION OF THESE RULES WILL BE SENT OUT OF THE ROOM FORTHWITH, AND HIS CONDUCT WILL BE REPORTED TO THE REGISTRAR.

The use of stencils at university examinations is not permitted except to students answering paper in Mathematics. The use of mathematical instruments whilst answering papers in Mathematics and in Physical Science will be allowed. Such instruments will not be supplied by the University.

All rough working must be shown on the left hand page of the answer books themselves. No separate books for rough working will be supplied to candidates. Paper must not be detached from the answer books of candidates. If the ordinary answer books are found insufficient, additional books will be allowed and these should be securely fastened to the answer books.

DEPARTMENT OF AGRICULTURE.

PADDY CROP OF 1931-32—THIRD OR FINAL REPORT.

(On an average of the five years ending 1929-30, the area under paddy in the Madras Presidency has represented 15·2 per cent of the total area under paddy in India.)

The area sown with paddy in the Madras Presidency in 1931-32 is estimated at 11,569,000 acres against 11,709,000 acres estimated on the corresponding date of the previous year and the finally recorded area of 11,677,529 acres for 1930-31. The present estimate falls short of the final area by about 0·6 per cent. It exceeds the area in an average year, viz., 11,169,000 acres, by about 4 per cent.

2. 1,240,000 acres have been reported as sown since the December forecast report, mainly in East Godavari, West Godavari, Nellore (150,000 acres), South Arcot (125,000 acres), Chittoor (110,000 acres), North Arcot (135,000 acres), Trichinopoly and the south (370,000 acres). This area is less than the corresponding area of 353,000 acres in previous year by about 22 per cent.

The area under second crop paddy is expected to be fairly satisfactory due to good north-east monsoon rains.

3. The harvest of the main crop has been finished in most districts.

Normal yields are reported from Vizagapatam, Kistna, Guntur, Chingleput, Chittoor, the Deccan (Anantapur excepted), the South (Tanjore excepted) and the West Coast and Hills. It is expected to be below normal in the other districts, especially in Tanjore (85 per cent) where samba paddy was affected by drought in the early stages, disease, and abnormally heavy rains in December.

The seasonal factor for the Presidency works out at 90 per cent of the average as against 98 per cent in the previous year. On this basis, the yield works out at 105,194,000 cwt. of cleaned rice as compared with 107,511,000 cwt., estimated in the season and crop report for the previous year. The yield in an average year is estimated at 105,270,000 cwt.

4. The wholesale price of paddy per rupee is reported as 27 to 37 lb. in East Godavari, West Godavari, Chingleput, Salem, Trichinopoly, Madura, the Deccan, and the West Coast 37 to 63 lb. in Ganjam and Vizagapatam and 33 to 50 lb. elsewhere. As compared with the prices in December 1931, the price is reported to be fairly stationary in Bellary, Nellore, Chingleput, Trichinopoly, and Tinnevelly, to have slightly risen in Anantapur and South Kanara and to have fallen in the other districts.

5. Figures by districts are given below.
